Subject: Postponing the reopening of CGBC in-person worship services to August 2

Dear Church Family,

In light of the recent rise in new COVID-19 cases and the increased restrictions from Governor Newsom, we are postponing the reopening of our in-person worship services. We are now hoping and tentatively planning to reopen services on August 2, though some congregations may decide to wait longer before resuming services. And of course, we will continue to monitor the situation in case another delay is necessary.

We know that many are understandably cautious while others are eager to gather again, so we want to encourage everyone to show grace and humility toward one another as we all strive to honor the Lord with wisdom according to our consciences.

Thank you for your patience, understanding, and prayers during these challenging and constantly changing circumstances. If you have any additional questions or needs, please contact the church by emailing office@chinesegracebiblechurch.org.

In Christ,
The Executive Board of Chinese Grace Bible Church
